To: The Shareholders of Batu Kawan Berhad

Dear Sir/Madam

PROPOSED AUTHORITY TO BUY BACK ITS OWN SHARES BY THE COMPANY

1. INTRODUCTION

At the last AGM held on 20 February 2013, your Directors obtained shareholders' authorisation for the Company to buy back its own Shares ("Authorisation") up to 10% of the issued and paid-up share capital of BKB.

In accordance with Chapter 12 of the Listing Requirements, the authorisation shall lapse at the conclusion of the forthcoming AGM to be held on 19 February 2014, unless a new Authorisation is received.

Consequently, on 20 November 2013, the Company announced that your Directors propose to seek shareholders' approval for a fresh authorisation to undertake the Proposed Authority to Buy Back Shares at the forthcoming AGM, to be held on 19 February 2014.

The purpose of this Circular is to provide you with details of the Proposed Authority to Buy Back Shares and to seek your approval for the ordinary resolution to be tabled at the forthcoming AGM.

2. THE PROPOSED AUTHORITY TO BUY BACK SHARES

Your Directors seek the authority from the shareholders of the Company to purchase its Shares on the Bursa Malaysia through its appointed stockbrokers (pursuant to Paragraph 12.16 of the Listing Requirements). Your Directors propose to allocate a maximum amount not exceeding the total retained profits of the Company for the Proposed Authority to Buy Back Shares. The audited retained profits of the Company as at 30 September 2013 was RM564,509,429. For the Proposed Authority to Buy Back Shares, the Company may buy back its own Shares up to 43,595,100 Shares representing an amount not exceeding 10% of its Issued and Paid-up Share Capital. The Proposed Authority to Buy Back Shares will be valid immediately upon the passing of the Ordinary Resolution up till the conclusion of the next AGM of BKB or the expiry of the period within which the next AGM is required by law to be held, unless earlier revoked or varied by Ordinary Resolution of the shareholders of the Company in a general meeting.

The Company may only purchase its Shares at a price which is not more than 15% above the weighted average market price on the Bursa Malaysia for the past five market days immediately preceding the date of the purchase(s). The funding for the Proposed Authority to Buy Back Shares will be from internal funds. Any purchase(s) or resale(s) of the Shares will be made through the Company's stockbrokers in accordance to the Listing Requirements.

Under the Code, a director and any person acting in concert with him or a relevant shareholder will be required to make a mandatory general offer if his/their stake(s) in the company is/are increased to beyond 33% of its issued and paid-up share capital or if his/their existing shareholding(s) is/are between 33% and 50% and it exceeds by another 2% in any six (6) months' period.

In the event that the Proposed Authority to Buy Back Shares results in the shareholding of any of above parties being affected, the affected person will be obliged to make a mandatory offer for the above remaining Shares not held by him/her. However, an exemption from a mandatory offer obligation may be granted by the Securities Commission under Practice Note 9 Para 24.1 of the Code, subject to the affected person and the parties acting in concert complying with certain conditions, if the obligation is triggered as a result of action outside their direct participation.

Your Directors are mindful of the requirements of the Code and will continue to be mindful of the requirements when making any purchase pursuant to the Proposed Authority to Buy Back Shares.

When Shares are purchased by the Company, the Directors may resolve to cancel the Shares so purchased or retain the Shares so purchased to be held as treasury shares. Where the Directors resolve to cancel the Shares so purchased, the Company's Issued and Paid-up Share Capital shall be diminished by the cancellation of the Shares so purchased and the amount by which the Company's issued share capital is diminished shall be transferred to a capital redemption reserve. It is pertinent to note that the cancellation of Shares made pursuant to Section 67A of the Act shall not be deemed to be a reduction in share capital as the capital redemption reserve shall be treated as if it were part of shareholders' funds. Where the Directors resolve to retain the Shares so purchased as treasury shares, the Directors may distribute the treasury shares as share dividends to shareholders and/or resell the treasury shares on the Bursa Malaysia and/or cancel the treasury shares. While the Shares so purchased are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distribution or otherwise are suspended.

In the case of a resale of treasury shares, if any, the Company may only resell treasury shares on the Bursa Malaysia at a price which is not less than the weighted average market price of the Shares for the past five market days immediately preceding the date of the resale(s) or not less than 5% below the weighted average market price for the Shares for the 5 market days immediately prior to the resale provided that:

- (a) the resale takes place no earlier than 30 days from the date of purchase; and
- (b) the resale price is not less than the cost of purchase of the shares being resold.

As at 11 December 2013, the public shareholding spread of the Company was 37.50%. Assuming that the Proposed Authority to Buy Back Shares was carried out in full and the Shares so purchased were all cancelled on 11 December 2013, the pro-forma public shareholding of the Company would be 34.13%.

3. RATIONALE FOR THE PROPOSED AUTHORITY TO BUY BACK SHARES

The Proposed Authority to Buy Back Shares, if exercised, is expected to potentially benefit the Company and its shareholders as follows:

- The Company would expect to enhance the EPS of the Group (in the case where the Directors resolve to cancel the Shares so purchased and/or retain the Shares in treasury and the treasury shares are not subsequently resold), and thereby long-term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company; and

- If the Shares bought back are kept as treasury shares, it will give the Directors an option to sell the Shares so purchased at a higher price and therefore make an exceptional gain for the Company. Alternatively, the Shares so purchased can be distributed as share dividends to shareholders.

The Proposed Authority to Buy Back Shares is not expected to have any potential material disadvantage to the Company and its shareholders as it will be exercised only after consideration of the financial resources of the Group and of the resultant impact on its shareholders.

4. FINANCIAL EFFECTS OF THE PROPOSED AUTHORITY TO BUY BACK SHARES

The Proposed Authority to Buy Back Shares, if exercised, will reduce the cash flow of BKB and may result in BKB having to forego other alternative investment opportunities which may emerge in the future, and it may reduce the financial resources of BKB for payment of dividends. Nevertheless, the Directors will be mindful of the interests of BKB and its shareholders when exercising the Proposed Authority to Buy Back Shares.

Share Capital

The effect of the Proposed Authority to Buy Back Shares on the Issued and Paid-up Share Capital of BKB assuming BKB buys and subsequently cancels up to 43,595,100 Shares, representing an amount not exceeding 10% of the existing Issued and Paid-up Share Capital as at 11 December 2013, is as follows:

	No. of ordinary shares of RM1 each	RM
Existing as at 11 December 2013	435,951,000	435,951,000
Less:		
Number of BKB Shares held as treasury shares as at 11 December 2013 if to be cancelled	22,412,700	22,412,700
Number of BKB Shares if to be cancelled pursuant to the Proposed Authority to Buy Back Shares	21,182,400	21,182,400
Upon completion of the Proposed Authority to Buy Back Shares	392,355,900	392,355,900

However, there should be no effect on the Issued and Paid-up Share Capital of BKB if the Shares so purchased are retained as treasury shares.

The following are the details of Shares bought back in the previous 12 months (up to 11 December 2013). These shares are currently held as treasury shares and none of them were cancelled.

The treasury shares bought or to be bought back pursuant to the Proposed Authority to Buy Back Shares shall not be entitled to any of the rights attached to the existing Shares of the Company as to voting, dividends and participation in other distribution and otherwise are suspended.

The aforesaid treasury shares shall not be taken into account in calculating the number or percentage of Shares or of a class of shares in the Company for any purpose including, without limiting the generality of this provision, the provisions of any law or requirement of the articles of association of the Company or the listing rules of the Bursa Malaysia on the substantial shareholding, notices, the requisitioning of meetings, the quorum for a meeting and the results of a vote on a resolution at a meeting.

NA per share and EPS

The Proposed Authority to Buy Back Shares will reduce the NA per share of the BKB Group if the purchase price exceeds the audited NA per share of the BKB Group at the time of the purchase and conversely will increase the NA per share of the BKB Group if the purchase price is less than the audited NA per share of the BKB Group at the time of purchase. The effects of the Proposed Authority to Buy Back Shares on EPS of BKB Group would depend on the purchase price and number of Shares purchased.

The audited NA of the BKB Group as at 30 September 2013 is RM3,989 million representing a NA per share of RM9.62. The historical monthly highest and lowest price of BKB shares for the past 12 months to November 2013 as traded on the Bursa Malaysia are set out in Item 7.

PROPOSED SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

At the last AGM held on 20 February 2013, the Company obtained shareholders' mandate to enter into Recurrent Related Party Transactions of a revenue and trading nature. The approval shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming AGM which will be held on 19 February 2014 unless the mandate is renewed.

On 20 November 2013, the Company announced to the Bursa Malaysia that it proposes to seek shareholders' approval for the Proposed Shareholders' Mandate in accordance with Part E, Chapter 10.09 of the Listing Requirements.

The purpose of this Circular is to provide you with details of the Proposed Shareholders' Mandate, to set out the views of your Board and to seek your approval for the Ordinary Resolution pertaining to the Proposed Shareholders' Mandate to be tabled at the forthcoming AGM. The notice of AGM has been incorporated in the Company's 2013 Annual Report and Financial Statements which is sent to you together with this Circular.

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Listing Requirements

Pursuant to Part E, Chapter 10.09 of the Listing Requirements, where Related Party Transactions of a revenue or trading nature which are necessary for its day-to-day operations are entered into between a listed company or its subsidiaries with a Related Party, the listed company may seek a shareholders' mandate in respect of such transactions subject to the following:

- (a) The transactions are in the ordinary course of business, are on terms not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders;

- (b) The Proposed Shareholders' Mandate is subject to annual renewal and disclosure is made in the Annual Report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year;
- (c) Issuing of a Circular to Shareholders by the listed company; and

The Board is now seeking the approval of the shareholders of the Company for the Proposed Shareholders' Mandate, which will allow the BKB Group, in its normal course of business, to enter into categories of Related Party Transactions referred to in paragraph 2.2(a) below with the classes of Related Party referred to in paragraph 2.2(b) below, provided that such transactions, if any, are made at the Group's normal commercial terms which are not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders.

2.2 Proposed Shareholders' Mandate for Recurrent Related Party Transactions

BKB is an investment holding company. The activities of the BKB Group include manufacturing and sale of chemicals and general transport services, money lending, rental of warehousing facilities and investment holding. The companies in the BKB Group undertaking these activities are set out in Appendix I of this Circular.

It is envisaged that in the normal course of the Group's business, transactions of a revenue or trading nature between companies in the BKB Group and the Related Parties are likely to occur, which are necessary for its day-to-day operations and which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

(a) Categories of Recurrent Related Party Transactions

The types of Recurrent Related Party Transactions to be covered by the Proposed Shareholders' Mandate relate principally to the purchase and supply of materials and services in the ordinary course of the BKB Group's business operations.

(i) Purchase and sale of products and services which relate to core chemical business

In the course of the BKB Group's businesses, the BKB Group may enter into recurrent Related Party Transactions to purchase and sell products and services such as industrial and consumer chemicals and the provision of services which are necessary for its day-to-day operations. Transactions that may be carried out with Related Parties under this category include:

- Sale and purchase of raw materials (include industrial salt, bulk sulphur, sulphuric acid and caustic soda), finished goods (consist of liquid chlorine, caustic soda, hydrochloric acid, sulphuric acid, sulphur powder, oleum, aluminium sulphate, sodium silicate, ferric chloride, sodium hypochlorite and calcium chloride) and storage tanks and packaging materials for use in the manufacturing and storage of industrial chemicals;
- Sale and purchase of consumable items such as diesel, fuel oil and spare parts;
- Sale of waterworks treatment chemicals and industrial acids/alkali;
- Purchase of finished goods for resale to third parties;
- Sale and purchase of electricity;
- Sale commissions to a related party acting as main distributor;
- Provision of oleum refinement processing services for use in the electronics industry;
- Provision of transport and haulage services; and
- Rental of transportation vehicles, motor vehicles and warehouse

(ii) Procurement and provision of other products (include soda ash, barium carbonate and flocculant) and services (supply of manpower and technical expertise)

In the course of the BKB Group's businesses, it is anticipated that transactions with Related Parties under this category include transactions such as:

- Procurement of manpower and technical expertise
Manpower and technical expertise are procured by the Group's subsidiaries and procured to Related Parties to maintain and operate their plant and machinery.
- Procurement of indirect materials
Indirect materials are purchased by the Group's subsidiary companies from related parties to ensure their finished goods conform to the required specifications.

The inclusion of these categories of transactions in the Proposed Shareholders' Mandate will facilitate such transactions by the BKB Group with Related Parties that arise in the normal course of operations of the BKB Group.

(iii) Purchase and sale of fresh fruit bunch ("FFB") and palm products to an associate company

(iv) Plantation agency fees charged by an associate company

(v) Purchase of materials required for plantation operations

Details of these Recurrent Related Party Transactions are described in Appendix II of this Circular.

(b) Classes of Related Party

The Proposed Shareholders' Mandate will apply to the following classes of Related Party:

- (i) Directors and/or Major Shareholders; and
- (ii) Persons connected with the Directors and/or Major Shareholders.

(c) Guidelines and Review Procedures

The BKB Group has established procedures to ensure that the Recurrent Related Party Transactions are conducted on normal commercial terms consistent with the Group's business practices and policies, are not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders.

The procedures established by the BKB Group are as follows:

- (i) An updated list of Related Parties shall be circulated to the operating centres and subsidiaries from time to time for reference in ensuring that all transactions with such Related Parties are undertaken on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders. These include transacting at the prevailing market rates/prices of the services or products providers' usual commercial terms (including where appropriate, preferential rates and discounts accorded for bulk purchases which are the same as those accorded to third-party bulk purchases) and otherwise in accordance with applicable industry norms.
- (ii) Wherever practicable and/or feasible, at least 2 other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third party for the same or substantially similar type of products/services and/or quantities. In the event that such quotation or comparative pricing cannot be

obtained, the Board and the Audit Committee will rely on their market knowledge of prevailing industry norms bearing in mind the urgency and efficiency of services to be provided or required to ensure that the Recurrent Related Party Transactions are not detrimental to the Company/Group.

- (iii) All operating centres and subsidiaries shall review the existing information systems to ensure that features are incorporated into the systems for capturing information on Related Party Transactions at source, for instance, when purchase requisitions are raised.
- (iv) Records shall be maintained to capture all the Recurrent Related Party Transactions which are entered into pursuant to the Proposed Shareholders' Mandate. Details of the Recurrent Related Party Transactions made during the financial year shall be submitted to the Group Finance Department monthly and compiled annually for disclosure in the Company's Annual Report.
- (v) Any director who has an interest or persons connected with him have an interest in a transaction, shall abstain from deliberation on the Board and from voting on the relevant resolution(s) in respect of the Recurrent Related Party Transaction.
- (vi) The Audit Committee shall review the management's system and procedures to compile Related Party Transactions data and if necessary, may request the internal auditor to review such procedures.
- (vii) Any member of the Audit Committee may, as he deems fit, request for additional information pertaining to the Recurrent Related Party Transactions from independent sources or advisers. An Audit Committee member who is interested in any transaction shall abstain from reviewing and approving the transaction.
- (viii) Recurrent Related Party Transactions are reviewed and authorized by personnel of at least managerial level regardless of the value of transactions as there is no threshold for approval for the Recurrent Related Party Transactions, provided always that such personnel has no interest in the transaction and the said transaction has been approved pursuant to a Shareholders' Mandate obtained at an AGM for Recurrent Related Party Transactions of a Revenue or Trading Nature.

(d) Statement by Audit Committee

The Audit Committee is satisfied that the guidelines and review procedures for Related Party Transactions are sufficient to ensure that such Related Party Transactions will be carried out on normal commercial terms which are not prejudicial to the interests of shareholders, and that the terms of the Recurrent Related Party Transactions are not more favourable to the Related Party and are not detrimental to the minority shareholders of BKB.

The Audit Committee is of the view that BKB Group has in place adequate procedures and processes to monitor, track and identify Recurrent Related Party Transactions in a timely and orderly manner. The Audit Committee has reviewed these procedures and processes annually.

(e) Validity period of the Proposed Shareholders' Mandate

The Proposed Shareholders' Mandate is subject to annual review. In this respect, any authority conferred by the Proposed Shareholders' Mandate shall continue to be in force until:

- (i) the conclusion of the first AGM of the Company following the forthcoming AGM at which such Proposed Shareholders' Mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting, the authority is renewed;
- (ii) the expiration of the period within which the next AGM meeting after the date it is required to be held pursuant to Section 143(1) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 143(2) of the Act);

(iii) revoked or varied by resolution passed by the shareholders in general meeting;

whichever is the earlier.

(f) Disclosure

Disclosure will be made in accordance with Section 4.1.5 of Practice Note No.12 of the Listing Requirements, which requires a breakdown of the aggregate value of the Recurrent Related Party Transactions made during the financial year, amongst others, based on the following information:

- (i) the type of the Recurrent Related Party Transactions; and
- (ii) the names of the Related Parties involved in each type of the Recurrent Related Party Transactions made and their relationships with the Company

in the Company's Annual Report pursuant to the Proposed Shareholders' Mandate and in the Annual Reports for subsequent financial years that the Proposed Shareholders' Mandate continues to be in force.

(g) Amount Owing by Related Parties

As at the financial year ended 30 September 2013, the total amount due and owing to the BKB Group by its related parties arising from the RRPTs which exceeded the credit terms were as follows:

Nature of RRPT	Amount due which exceeded the credit term (RM)			
	≤1 year	>1 to 3 years	>3 to 5 years	> 5 years
Sale of products and services	RM470,316	-	-	-

There were no interest and late payment charges imposed on the overdue amounts as the Company had reviewed the outstanding amounts and are of the opinion that the amounts were part of the normal business transactions and are recoverable. However, the management will continue to review and hold discussions with the related parties for early settlement of the outstanding due.

The Board of Directors is of the opinion that there is no recoverability issue in respect of the overdue amounts from the related parties.

3. RATIONALE AND BENEFITS FOR THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate will facilitate transactions with Related Parties which are in the ordinary course of business of the BKB Group, are undertaken on normal commercial terms, are on terms not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders.

The Recurrent Related Party Transactions entered into by the BKB Group are intended to meet business needs at the commercial terms which are not more favourable to the Related Party and also enhance its ability to explore beneficial business opportunities. The Proposed Shareholders' Mandate will enhance the BKB Group's ability to pursue business opportunities and operations which are time-sensitive in nature via the established relationships between the BKB Group and the Related Parties. Such relationships will also ensure that the BKB Group will continue to have support in the procurement of products and services of required qualities and likewise, ensuring its products are of high qualities to meet customer requirements.

For certain transactions, where it is vital that confidentiality be maintained, it would not be viable to obtain prior approval, as releasing details of the transaction prematurely will adversely affect and prejudice the BKB Group's interests and place the BKB Group at a disadvantage as compared with its competitors who may not require shareholders' approval to be obtained.

By obtaining the Proposed Shareholders' Mandate and the renewal of the same on an annual basis, the necessity to make regular announcements to the Bursa Malaysia and to convene separate general meetings from time to time, to seek shareholders' approval as and when such Recurrent Related Party Transactions occur, would not arise. This would reduce substantial administrative time, inconvenience and expenses associated with the making of announcements or the convening of such meetings, without compromising the corporate objectives of the Group or adversely affecting the business opportunities available to the Group.

The BKB Group has a long-standing business relationship with the Related Parties. The Related Parties are both good customers of the BKB Group as well as reliable suppliers of goods and services provided by the Related Parties are priced competitively and all transactions.

4. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate should not have any impact on the share capital, net tangible assets, earnings, dividends and shareholding structure of BKB.

5. CONDITION OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate is conditional upon approval being obtained from the shareholders of BKB at the forthcoming AGM.
